Bermudian Springs Board Awards Grading Contract To Correct Athletic Field

Members of the Bermudian Springs Joint School Board Monday evening awarded a contract for corrective grading to the athletic field at the high school to Walter Hamme, East Berlin, contractor, on an hourly basis, and instructed John Keyser, chairman of the building and property committee, to supervise the project with the aid of a qualified engineer.

The rough grading will be started immediately and will be completed before the ground freezes so that the area may be seeded next spring. Hamme was low bidder at a rate ranging from \$6 to \$14.50 an hour for varied types of equipment. Other bidders were Battlefield Earthmoving and John Walter, each at an average of 50c an hour higher than Hamme. The area involves approximately 7,200 square yards of surface and will cost \$3,000, the board was told.

ALREADY COST \$12,382

The board already has paid the general contractor \$12,382 for the athletic field, which was not completed to the satisfaction of the board, and was declared unfit for use.

The board also awarded a contract for the installation and erection of three 175-watt outside mercury vapor lights to M. A. Hartley Co. at \$419.

The board accepted the recommendation of the personnel committee to place Miss Karen Smith, librarian-clerk at the high school, on supplemental salary to spend a half-day a week in each of the two elementary school libraries at an additional \$320 for the year. She receives \$3,000 as a librarian-clerk.

NEW PRINCIPAL

Amos D. Meyers, supervising principal, told the board that Bruce Weiser, Hanover music supervisor, will assume responsibilities as York Springs Elementary principal "not later than December 31." Weiser holds a master's degree from the University of Michigan and is a candidate for a Ph.D. at the University of Maryland.

Following a discussion concerning the coaching staff for basketball season, the board authorized the personnel committee to assign necessary supplemental coaches when warranted after the season starts.

Meyers reported that only 14 adults have responded to the adult education program and recommended that the classes be delayed until greater interest is displayed.

He reminded members of the annual employees-directors banquet Wednesday evening in the York Springs Elementary School cafeteria and announced that the Booster Club will hold a ham and oyster dinner in the high school cafeteria Saturday evening.

FOOTBALL REPORT

He asked the board to consider the addition in the future of a kindergarten program and urged immediate consideration of the addition of educational TV classrooms instruction to the school's curriculum. M. Francis Coulson, county superintendent, told the

Muscular Dystrophy Canvass Tonight

Gettysburg's Firemen, Junior Firemen and the Kappa Delta Rho fraternity tonight will make the annual door-to-door collection through the town for Muscular Dystrophy.

The group will leave the engine house on E. Middle St. to begin its collection at 6:30 and plans to continue the work until about 9:30 this evening.

Persons who may be missed in tonight's collection may send donations direct to the Muscular Dystrophy Committee, Engine House, E. Middle St.

Funds raised in the campaign go partially for research into the cause of the wasting disease and partially into care of those suffering from the muscular degeneration.

ALTICE GIVEN 60-DAY JAIL TERM TODAY

Freddy O. Altice, Aspers, was sentenced to 60 days in jail by the county court this morning on a charge of driving while under the influence of intoxicants brought against him by Cumberland Twp. Policeman Bernard V. Miller Sr.

The court also directed that Altice pay \$100 for the use of the county, and the costs.

On a charge of operating during suspension brought against him at the same time by Officer Miller, Altice was given a suspended sentence and ordered to pay \$150 for the use of the county and the costs.

GUN CONFISCATED

Officer Miller said he arrested Altice when a car halted some distance from him. He then waited until it passed. When he stopped the car there was an attempt to exchange drivers. Altice told him, Miller said, that the three men in the vehicle had had eight pints of whiskey and had also drunk at various bars during the course of the evening.

Antonio Mojica, Aspers and Puerto Rico, who for the last 13 years had been employed in the fruit harvest in the county, was sentenced to 43 days to one year on charges of aggravated assault and battery and pointing and discharging a firearm. The court told Mojica, a camp boss, that he made his mistake "when you went to get the shotgun. You must learn that a gun must not be used in this type situation." Mojica had testified the shooting occurred when he sought to eject two women from the labor camp and was opposed by the other men. He said he obtained the shotgun only to enforce his order. It discharged, striking one of the other men in the legs. The gun was ordered confiscated.

GIVEN 30 DAYS

Moses Andrews, Washington, D. C., who picked up a \$10 sweater from a car in Gettysburg October 12 while enroute back to Washington from picking apples in the Biglerville area, was sentenced to 30 days in jail on the burglary and larceny charge against him by Borough Police Sgt. Daniel Miller and ordered to pay the costs. Since he had been in jail for 30 days, he was released on payment of part of the costs and given two weeks to pay the rest. Granville Reed, Hanover, was sentenced to 30 days to one

WORLD WAR I VETS INSTALL MONDAY NIGHT

The local barracks of the World War I Veterans installed new officers Monday evening at a meeting in the American Legion home, Baltimore St.

At the same time the barracks joined other barracks of the World War I Veterans throughout the nation in writing Congressmen John Saylor and Fred B. Rooney to encourage passage of a bill now in committee to add the Bethlehem Steel Co. lot north of the Gettysburg National Cemetery to the present cemetery. Jesse M. Kline, retiring commander of the barracks, said the bill is reported at present as "in committee with no particular action being taken."

New officers installed included Frank Merriken, commander; Harry Coughlin, senior vice commander; Norman Cluck, junior vice commander; judge advocate, Clarence Dearborn; chaplain, Roy Alexander; quartermaster, Donald MacPhail; trustee for two years, Jesse M. Leatherman; trustee for one year, W. H. Armer; sergeant-at-arms, Harry Hoff.

NEW MEMBERS

A jeweled past commander's button was presented to retiring Commander Kline.

Eleven new members were accepted into the barracks and reports showed that a class of about 17 is expected for the next meeting. Reports from the state showed Pennsylvania is leading all of the states in membership and that new barracks have been established at Elizabethtown, Waynesboro and Lebanon. Goal of the World War I Veterans nationally is 300,000 according to the reports.

Dorsey Rebert and Harry Hoff were in charge of refreshments with Hoff providing army baked beans for the group.

SCOUTERS TO MEET

The committee of Boy Scout Troop 78 will meet this evening at 8 o'clock in St. Francis Xavier Parochial School, Secretary Dr. Joseph H. Riley has announced.

BUSINESSMEN ARE GOING TO SCHOOL HERE ON THURSDAY

About 50 Gettysburg business and industrial representatives will spend Thursday visiting the Gettysburg public and parochial schools and the Franklin Twp. Elementary School and then attend a dinner that evening with school teachers, administrators and staff members.

The dinner will be held at the Gettysburg Area Senior High School building with Dr. Leonard

DR. L. M. ELSTAD

M. Elstad, president of Gallaudet College, Washington, D. C., as the speaker.

Gettysburg's third annual "BIE Day" will begin with coffee and doughnuts between 9:30 and 10 a.m. in the buildings to which the visiting businessmen have been assigned. Then they will visit classrooms and eat lunch in school cafeterias.

DINNER AT 6 P.M.

An afternoon program is planned at 1 o'clock in the general purpose room of the Keefe-vaux Elementary School when Supt. H. Edgar Riegler and key members of the school staff will explain school organization, finances, curricula and general operation. The program will conclude about 3 p.m.

At the 6 o'clock dinner at the senior high school building, the invocation will be given by the Rev. John H. Rudy, pastor of the Bethel Mennonite Church, Biglerville.

Will Speak Here On Rome Council

Dr. Warren Quanbeck, visiting professor of systematic theology at the Lutheran Seminary, who returned Monday from Rome where he attended the sessions of the Ecumenical Council of the Catholic Church as an observer, will tell of his observations in the Church of the Abiding Presence next Tuesday morning at 10 o'clock. Dr. Donald R. Heiges, seminary president, said today.

"We are happy to invite the public," Dr. Heiges said.

Dr. Quanbeck is on leave from the Lutheran Theological Seminary at St. Paul, Minn. He was one of the leading theologians in the country. He serves in two important church positions. He has been a member of the Commission on Theology sponsored by the Lutheran World Federation for six years. He is also a member of the board of directors of the Foundation for Interconfessional Research. It is devoting considerable time to the study of ecumenical relations and theological and ecclesiastical relations with the Catholic Church. It is the only such foundation in existence.

CAMERAMEN LAUDED FOR SHOW HONORS

The Gettysburg Photographic Society was praised Monday evening at its meeting in the West St. Branch of the Gettysburg National Bank for its outstanding record in competition at Hagerstown.

President David Garfinkle presided at the meeting and congratulated the members on the showing they made in the annual Washington County Photographic Salon at Hagerstown.

He pointed out that of four prints submitted by Dr. Francis Mason, all were accepted, two winning a first place in the pictorial division and first place in the portrait division. Of four submitted by Maurice Stoops, all were accepted, one won second place and one took an honorable mention. Of two submitted by Dr. Frederick Tilberg, both were accepted and one was awarded an honorable mention. Of four submitted by Dr. Allen Sloat, three were accepted. Of three submitted by Joseph D. Kendlhart, two were accepted. Of four submitted by Garfinkle, all were accepted and one won honorable mention.

WELL REPRESENTED

Garfinkle pointed out that of 38 prints accepted for hanging at the show, 19 were made by members of the Gettysburg Photographic Society.

President Garfinkle suggested the making of a print during the next meeting of the society for the benefit of novice members of the club. Dr. Sloat suggested the possibility of having such a demonstration in his laboratory.

In the black and white competition, seven prints were submitted conforming to the assigned subject, "A Picture of a Television Screen." Both first and second places were voted to Dr. Sloat for his prints of "Grindl."

BOOTLEGGING RAID FOLLOWS AUTO CRASH; STILL IS FOUND

An auto accident near Thomasville early Monday morning led to three Hunterstown area persons being placed in the county jail on charges of bootlegging Monday night.

The accident reportedly "hurried" a raid on the former John Millhimes place, near Hunterstown. The property, now owned by a Taneytown man, had been rented to a North Carolina couple last summer. With "30 or 40" trips in an out each day on the road near Sanders' Restaurant, just east of Hunterstown, and with purchase of quantities of ice, 300 pounds at a time, suspicions led to preliminary investigation.

Ten Monday morning, James Brewer, 44, Gettysburg R. 4, and Charlie Robinson, 45, also of Gettysburg R. 4, were driving on the Lincoln Highway at the eastern approach to Thomasville at 6 o'clock when the station wagon operated by Brewer, going east, struck a car owned by Robert W. Sweitzer, Thomasville R. 1, parked along the north side of the highway, facing west.

STILL IS FOUND

The station wagon was demolished and the Sweitzer convertible badly damaged.

The Thomasville ambulance took the two men to the York Hospital where Brewer was treated for lacerations of the face and Robinson for lacerations of the lip and contusions of the nose.

Jackson Twp. Police Chief Earl W. Brown reported his findings, and Liquor Control Agent L. V. Bomgardner, Hanover, speeded up his work.

At 7:30 Monday night Bomgardner placed Robinson and Brewer in jail on bootlegging charges brought before Justice of the Peace Robert P. Snyder. At 10:05 o'clock he placed Geraldine J. Reynolds, 31, alias Geraldine J. Brewer, in jail on a similar charge.

A still was found in the basement of the house, Bomgardner said.

TEACHER TELLS ROTARIANS OF CRISIS IN EAST

Because "there is scarcely a family in either Pakistan or India which did not lose one of its members to the slaughter that accompanied the great migration of Muslims to Pakistan and Hindus to India in 1947, there is intense hate between the two countries," Miss Janet Powers, teacher in the Department of English at Gettysburg College and Rotary Foundation Fellow in Pakistan last year told the Rotary Club at its meeting Monday evening in the YWCA.

During the great migration of 70,000,000 Hindus out of what is now Pakistan and 60,000,000 Moslems into the territory from India, "Hindu killed Moslem and Moslem killed Hindu and the Sikks killed both. Whole train loads of migrants would be slaughtered enroute to the country of their choice. When the areas for India and Pakistan were established people simply left whatever they owned, and taking with them only such possessions as they could carry, went to new territory; frequently fighting their

Police Search For Nervous Young Gunman Who Held Up Littlestown Loan Office

State and Littlestown police today continued the search for a young nervous bandit who at gun point took \$1,200 from the Sylvania Loan Co., Littlestown, and fled on foot.

Littlestown Police Chief Edward T. Kowalczyk and state police said they were told a man described as 22 years old, five feet four, 125 pounds with dark hair slicked back, black horn-rimmed glasses and wearing blue trousers and a dark gray jacket, entered the office on 48 S. Queen St. about 1:05 Monday afternoon.

Miss Nancy Siers, 28, Littlestown R. 2, clerk in the loan agency opened in Littlestown in September, was alone at the time. The manager, James M. Hillegass, 70 Prince St., Littlestown, and York, had left the office about five minutes before to eat lunch.

SEEMED NERVOUS

The man asked Miss Siers about loan of \$600 and she invited him to step into a private office while she obtained the necessary papers for him to fill out as an application for the loan.

When she went into the office with the papers the young man, who she reported had seemed nervous throughout, pulled a .22 calibre pistol out of his coat pocket and told her "This is a robbery." He handed her a paper bag and told her to "put all your paper money in this bag." He told her he did not want coins. With the gun aimed at her, Miss Siers complied.

The man then told her "give me five minutes," and walked out of the loan agency. Miss Siers immediately telephoned Littlestown police who arrived within a few minutes.

LEFT ON FOOT

Persons walking along the street told police they had seen a young man carrying a paper bag of the description of the robber walking rapidly for about a half block along S. Queen St. toward the railroad.

Police said the young man "disappeared" near the railroad — with no one able to report where he went beyond that point. Police surmise he may have had a "get-away" car located nearby.

2ND ROBBERY IN AREA

State police were summoned by the Littlestown officers and immediately joined in the search.

The armed robbery at the loan company, located almost exactly across the street from St. Aloysius Catholic Church, follows a burglary Saturday evening about 5 o'clock at the church, where someone looted poor boxes and escaped without being apprehended. The thief at the church was described as about 30, weighing 155 pounds, with a small beard, light tan trousers and jacket and driving a white or cream-colored pickup truck.

FIRE POLICE PLAN TRAINING COURSE HERE

Plans for a new Civil Defense Auxiliary Police Training School to start Friday night at 7:30 o'clock at the engine house here were outlined Monday evening at a meeting of the Adams County Fire Police at Midway.

R. Thomas Adams reported at the meeting that the instruction, to be given by Gettysburg Police Chief Jack Bartlett, will consist of one meeting a week for eight weeks. The course is approved by the state Department of Public Instruction.

Approximately 30 members are needed for the class, which will be on a basic police work. In addition to fire police, any individual may attend the class by signing up at Friday evening's meeting.

Fifty members from 20 companies attended the meeting at which Dr. Eugene R. Sorenson, Abbotstown, and Dr. Mills, resident physician of the York Osteopathic Hospital, presented a demonstration on a life size manikin, named "Resuscitator," of cardiopulmonary resuscitation. The same program will be presented at Wednesday evening's meeting of the Gettysburg Fire Department at the engine house here, it was announced.

Samuel McFarland of the Bankers Group Insurance here spoke on safety on the highways and showed a film entitled "Chain Reaction" on the causes of auto accidents.

IRISH BRIGADE PRESENTED TO MAYOR MONDAY

An Irish Brigade flag, replica of the flag carried by Irish troops during the Civil War, was presented Monday to Mayor William G. Weaver by a representative of the Irish Republican Army in tribute to "all the Irish troops who fought in the Civil War and the Battle of Gettysburg."

The presentation was made in the presence of a small contingency from the Philadelphia branch of the American Committee for the Release of Irish Political Prisoners.

Cathal Goulding, Dublin house painter, representing the IRA, made the presentation to Weaver in the Hotel Gettysburg where the group met for lunch before going to the Irish Brigade monument on the battlefield, where Goulding laid a wreath in memory of Irish veterans. Goulding is spending five weeks touring the U. S. for the purpose of organizing Irish-Americans to provide financial support and publicity to regain for 1,000,000 natives of Ireland freedom from Great Britain. Goulding said that "six counties in northern Ireland still are under British rule and are policed by 35,000 British police."

HAS 100 MEMBERS

The organization has approximately 100 active members in the Philadelphia area, which is headed by Thomas McGuigan, national chairman, who also organized the first Irish Pilgrimage to Gettysburg in 1955 for the Irish Brigade Memorial Association. The group journeys to Gettysburg each Memorial Day to pay special tribute to the Irish veterans at the Irish Brigade monument.

The flag, which will be displayed at a location to be decided upon by borough officials, is a three by five-foot green satin banner with the golden harp of the Irish Brigade.

The Committee for the Release of Irish Political Prisoners has members in the U.S., Canada, Australia, New Zealand and England. Goulding will visit New York, Buffalo, Chicago, Los Angeles, San Francisco and Pittsburgh during the next month in an attempt to gain support of "freedom-loving people throughout the world."

Accompanying Goulding and McGuigan to Gettysburg were members of the Philadelphia society and included Vincent James Treacy, Neil Byrne, Frank Houlihan and auxiliary members Margaret Conlon and Irene Egan. Two little boys, sons of the Conlons, Sean, 3, and Kevan, 2, carried miniature American and Irish flags to Gettysburg.

Jack Warner, McSherrytown, who had served nine of a nine-to-18-month sentence on a charge of assault with intent to rape, was placed on parole for one year.

MASTER APPOINTED

Francis Grant Barstow, who said he was from Massachusetts, was placed on parole at the expiration of six months of a six to 12 months' sentence on a burglary and larceny charge. Barstow told the court he has no relatives or friends from whom he could borrow the costs. He was given four months in which to pay.

Richard L. Warren, Shippensburg R. 2, who has served half of a six to 12-month sentence on a forgery charge, was placed on parole for one year and told to pay the costs and make \$68 restitution in six months by weekly payments.

A plea on a burglary and larceny charge against Katharina J. Griffie, Gettysburg R. 5, was withdrawn and she was directed to stand trial without a jury on December 16.

Attorney H. Thomas Pyle was appointed master in the divorce action of Bonnie Eller Ashby versus Jesse Ashby.

department, was filled by the election of John B. Peck, South Williamsport, Pa., who will graduate in January from Millersville State College. He is a veteran of military service and has had experience in tool making with Western Electric. His salary was fixed at \$4,800.

The directors referred to the finance and planning committee a proposal that a certified public accountant be employed to make the annual audit next year. Correspondence with several CPA firms indicated the audit may cost about \$1,000.

Bills totaling \$40,089 were approved for payment after questions from members about a number of items on the list. One line of questions was on spending for the development of play areas at the high school.

PUSH FOR STATE ACTION

The board approved a recommendation from Supt. Riegle that he be authorized to file a Form PIBB-40-A at Harrisburg as the first step toward getting a room schedule for a needed addition to the senior high school building and getting a number assigned so that the project would become eligible for state reimbursement.

Supt. Riegle told the directors enrollment estimates show there will be an enrollment of 832 in the senior high school by 1966 and this building can accommodate considerably less than that. Three roomfuls of senior high students are quartered now in the junior high building. The possible need for more land in the high school campus will be restudied.

The resignations and the teachers proposed for election were presented to the directors by Thomas O. Oyler, chairman of the Teacher and Curriculum committee.

TO DISCUSS REORGANIZATION

Letters were read from Congressman George Goodling, Governor Scranton and U. S. Senator Scott in response to an October letter from the board urging the enactment of a federal amendment to make legal the use of the Lord's Prayer and Bible reading in the public schools.

Means are to be investigated for eliminating parking in bus loading areas at local schools. Metal or curb signs were suggested.

No time was set for a special board meeting to discuss the new state school reorganization law and its possible effects here. Discussion indicated it may be held after the county school directors' convention in December when school reorganization will be one of the topics for discussion.

WILSON PRESIDES

President Oren H. Wilson presided at the meeting with 11 members of the 14-member committee in attendance. Freedom Twp. was not represented and only one director attended from Franklin.

The report of the Gettysburg National Bank as treasurer showed a balance of \$87,719 in the general fund after receipts of \$157,626 and expenditures of \$87,719.

The report on school cafeterias for the 21-day month of October showed a net operating loss of \$1,254. An average of 2,489 pupils and 118 adults were served daily. Receipts totaled \$18,203 and expenses \$19,457.

Activity fund reports showed a junior high balance of \$4,649 and \$16,950 in the senior high. The athletic fund report showed a balance of \$4,204 after receipts of \$5,219 and expenses of \$2,964.

way through to get to the new country.

"The saddest part of the whole thing is that Pakistan and India are really one country and their people's culture is the same—they are separated only by religion, and hate.

SUPPORTS CHINA

"Because Pakistan considers India its worst enemy, I feel that Pakistan last year signed treaties with China mostly to spite the U.S. and India. The Pakistanis simply would not admit China was attacking India. Pakistan's viewpoint was that since the U.S. provided supplies to her worst enemy, India, Pakistan would help the United States' enemy, China.

"I was disturbed by the attitude of the young people of Pakistan. They seem interested only in gaining material wealth. Most of the adults are illiterate and the young people in schools could do so much to help educate their elders. But the idea of social service are apparently western, not eastern, and does not enter the mind of the Pakistani.

"Pakistan needs time to develop. It is divided into two parts, separated by 1,200 miles of India. Merchants who might wish to establish branches in the other portion of Pakistan must send everything by air. They are not allowed to use India's railroads.

AMERICAN AID

"America has given Pakistan more aid per population than any other country, \$2,715,000,000 of it. What has our aid brought? Some industry and the smell of U. S. aid wheat rotting in Karachi and the sight of thousands of women and children lining up for a glass of CARE milk per day—the only milk they ever see.

"I can understand how our people there would develop ulcers. The eastern people are not logical, not efficient. They are emotional. Their thinking is not our think-

PUBLISH NEW LINCOLN BOOK

Tuesday, November 19, marks the 100th anniversary of Abraham Lincoln's Gettysburg Address. In commemoration of the historic battlefield speech, Frederick Ungar is publishing "The Gettysburg Addresses: The Story of Two Orations" by Svend Petersen, Washington editor and author of "A Statistical History of the American Presidential Elections."

Lincoln was not the only speaker at the dedication ceremonies for the National Soldiers' Cemetery at Gettysburg. Sharing the platform with him was the well-known orator Edward Everett, former governor of Massachusetts and one-time president of Harvard. Soon after the dedication, in a letter to Lincoln, Everett wrote: "I should be glad . . . if I came as near the central idea of the occasion in two hours as you did in two minutes." Lincoln, who respected Everett's eloquence, later told a friend that he had never received a compliment he prized more highly.

Both speeches are reproduced in "The Gettysburg Addresses." All five versions of the Lincoln speech — two drafts and three copies — are presented, by text and photographs, showing Lincoln's

Drivers Charged Following Mishap

Maryland State police report that at 7 p.m. Sunday on Route 140, near the Westminster Shopping Center, a car driven by Frederick P. Fink, Westminster R. 5, traveling south on Route 140, was in collision with an automobile operated by James L. Tapager, 23, New Oxford, also traveling south. There were no injuries and damage to the cars was not estimated.

Both were charged with reckless driving and Fink was also charged with driving on a restricted license. They will be given a hearing Monday, December 2 before Trial Magistrate G. Norman Hunter. Trooper I-C H. L. Zepp, Westminster Barracks, was the investigating officer.

careful revisions.

Petersen's book also tells the story of the preparation and the aftermath of the actual delivery of the orations. What is more, it follows the career of Lincoln's speech in later years—from its existence on vellum, in a Latin translation, in the Vatican Library to its appearance in the form of parody in newspaper columns, comic books and the Congressional Record. Many of the parodies are collected in a special section of "The Gettysburg Addresses."

RIDINGER IS SPEAKER FOR BHS ASSEMBLY

Assemblyman Harry D. Ridinger was the speaker at a Biglerville High School assembly Monday afternoon commemorating Veterans' Day and the 100th anniversary of Lincoln's Gettysburg Address.

John White, of the faculty, a World War II veteran, presided at the ceremonies which opened with a group of piano selections by Carol Crum. Patricia Brown gave an explanation of Armistice Day and there was a period of silent meditation in honor of the war dead.

After a flag salute led by Philip Carey and John Brough, members of the school faculty and staff who are veterans were introduced. The list included Mrs. Alice Heller, John Emanuel, William Coradetti, Herbert Lady, John White, David Houck, Donald Sterner, Clair Settle, Daniel Bushman, John Toggas, Charles R. Leader, Richard Allison, Herbert Laughman and Clyde Cover.

Steven Heller recited "In Flanders Field" and a boys sextet sang "America the Beautiful." The group included Barry Welker, Richard Funt, Keith Laver, Ray VanDyke, Sam Crum and Don Stauffer. Audrey Funt was the accompanist.

The address by Assemblyman Ridinger, an Army veteran of World War II, followed. After the boys' sextet sang "The Battle Hymn of the Republic," Jeffrey Brown gave introductory remarks about Lincoln at Gettysburg and then a recording of the Gettysburg Address by Raymond Massey was played.

The program concluded with the "Star Spangled Banner." The faculty sponsors for the program were Herbert Laughman and Mrs. Charles R. Leader.

which automatically keeps apples for a full year, delays the blossoming of the rosebud for florists, and saves millions in spoilage costs for the fruit and vegetable industry.

Miss Elliott told the group her attire was an example of the many uses of gas. Her suit and all accessories, she said, were all made by synthetic materials derived from natural gas.

She added that because of the adaptability of gas to thousands of purposes other than for heat alone, "gas is now in the midst of probably the fastest growing boom in the history of harnessed energy."

Julian Estep, local manager for the Columbia Gas Company and Rev. Ira Melhorn, Johns-town, were guests at the meeting. President Charles W. Pentz, who presided, announced the club will hold a joint meeting with the Business and Professional Women's Club next Monday at the Lamp Post Tea Room. The annual Farm-City meeting will be the occasion for the joint session.

STRIKES PARKED CAR

Dr. Leah Maitland, Littlestown, reported to borough police Saturday morning that a car operated by Mrs. Victor Antolmi, Emmitsburg R. 3, had struck her auto while it was parked at the A and P parking lot. No estimate of damage was given.

3RD DISTRICT RALLY SUNDAY

The annual fall rally of the Third District Sunday School Association of Adams County will be held on Sunday, November 17 at 7:30 p.m. in Christ United Church of Christ, near Littlestown. Election and installation of officers will take place. Mervin K. Myers, Littlestown R. 2, is the current president. The Rev. Joseph M. Woods, Camp Hill, supply pastor of Lower Marsh Creek Presbyterian Church, Fairfield, will be the guest speaker. He is a former teacher and taught at a Chinese university.

The program theme will be "Needs of Youth in Our Constantly Changing World." The program committee includes Clyde L. Sterner, Mrs. George Shultz Jr. and Walter Fissel.

The Sunday Schools in the Third District are as follows: St. Paul's Lutheran Church, St. John's Lutheran, Redeemer's United Church of Christ, Centenary Methodist and Christ Church, Littlestown; St. James' United Church of Christ, along the Harney Rd.; Good Shepherd United Church of Christ, Littlestown R. D.; St. Paul's Lutheran, Harney; Mount Joy Lutheran, Gettysburg R. D.; Grace Lutheran, Two Taverns; St. Mark's United Church of Christ, White Run; St. Luke's Lutheran and St. Luke's United, near White Hall; St. Paul's Lutheran, McSherrystown, and Bart's United Brethren, Hanover R. 1.

INJURED IN YORK

Ellen Starner, 21, New Oxford R. 1, was treated at the York Hospital for facial cuts and bruises received Sunday when a car operated by Robert L. Meckley Jr., York R. 2, in which she was a passenger, collided at Princess and Hartley Sts., York, with an auto operated by Robert S. Feeser Jr., York, Feeser, 22, was arrested and charged with disregarding a traffic signal.

KENNEDY RITES HELD

The funeral of William D. Kennedy, 53, who died suddenly Wednesday at Fairfield, was held Saturday afternoon at 2 o'clock at the Wilson Funeral Home at Fairfield. The Rev. Robert Paden, Fairfield, officiated and interment was made in Strang's Cemetery at South Mountain. The pallbearers were Clyde McLaughlin, Charles Weikert, Blaine Shindedecker, Allen Shriner, Harry Staubs and William Bowmaster.

Two Cars Damaged In Sunday Accident

Damage totaled \$450 in a two-car crash Sunday afternoon at 1:45 o'clock a tenth of a mile west of New Oxford on the Lincoln Highway.

According to police, Rodney Staub, 41, of 8 Water St., New Oxford, was traveling west and slowed to make a turn south into a service station when his car was struck from the rear by another west bound auto operated by Ronald E. Howe, 20, New Oxford R. 2. Damage was estimated at \$250 to Howe's car and \$200 to Staub's vehicle. No one was injured.

board, "When you consider that your football program costs approximately \$3 per pupil, you may remind yourselves that the \$1 per pupil cost of television education is not very high." Meyers earlier reported that the football receipts this year totaled \$626.21 with expenses from the student activity at \$1,328.90 and from the board fund \$1,000 for coaches' salaries, \$1,433.08 for equipment and \$868 for insurance for a total of \$3,301.08. He added that these expenses did not include transportation costs.

Cafeteria reports for the month were: high school, income, \$3,525.74; expenses, \$3,279.50, showing a net loss of \$10.90 after inventory adjustments; York Springs Elementary, income, \$2,609.40; expenses, \$2,152; net profit, \$358.03 after inventory adjustments; East Berlin Elementary, income, \$1,769.12; expenses, \$1,589.37, for a net profit of \$217.71 after inventory adjustments. Meyers also reported a reimbursement from the health department of \$5,247.23.

TEACHER DUTIES

As a result of a special meeting to serve in extracurricular duties, Meyers received approval of a letter which will be sent to teachers advising them that under the revised policy teachers will be excluded from selling and collecting tickets at athletic functions, but that teachers may volunteer and will be paid at the rate of \$1.50 an hour for such service. However the policy provides that the board may request the participation of teachers in activities that are part of the school program. The teachers have the privilege of submitting to the principal in writing any objections or comments on the new policy.

Ralph W. Tyson, reporting on a meeting of state school directors in Philadelphia recently, urged the board to consider merging the five districts of the jointure and pointed out that, "it would mean about \$12,000 in reimbursements" if the merger takes place before the state mandatory deadline. Coulson explained the advantages of the advanced establishment of merger plans prior to July, 1964, and advised that application should be made in the very near future if the board plans to take advantage of the plan.

FINAL BUILDING COSTS

Meyers presented a final cost report for the construction of the system's building program, which included the high school building and the elementary building at East Berlin.

Total costs of the high school building were \$1,320,340.29 and included: general contractor, \$734,822.45; plumbing, \$78,765; electrical, \$197,724; kitchen equipment, \$26,180; stage curtains and hardware, \$4,450; outside lighting, \$1,864; athletic field, \$12,382; test borings and wells, \$6,432.95; architect's fee, \$61,534.23; equipment for the school, \$116,184.44; rough grading, \$11,000; sewage plant, \$35,100; architect's fee for grading and sewerage plant, \$2,538.25; purchase of land, \$20,422; legal fees and printing and other authority expenses, \$10,794.

The East Berlin school cost a total of \$239,992.62, for a total cost for both projects of \$1,560,332.91. A bond issue of \$1,560,000 financed the projects. The board approved current expenses of \$37,139.61 and \$24,100.27 in payroll for October. Receipts for the month were \$47,612.03 and included these payments from the districts: East Berlin borough, \$7,164; Huntington Twp., \$13,509; Latimore Twp., \$10,246.50; Reading Twp., \$11,214; York Springs borough, \$2,886.50. The financial report shows a balance of \$1,730.87.

He has attended sessions of the International Congress for the Education of the Deaf in the Netherlands and in England and was co-chairman for the congress held in the District of Columbia this summer. He is a former editor of the American Annals of the Deaf. President and Mrs. Elstad have two daughters, one a New York lawyer and the other a teacher in the District of Columbia. Dr. Elstad is the son of the Lutheran minister.

SPORTSMEN

HOLD MEETING

The Adams County Fish and Game Association met Friday night at the clubhouse, near Orrtanna. It was announced that the pheasants which the club raised this summer have been released in all parts of the county. So far bands have been turned in from birds killed in the areas of Fairfield, Biglerville, Cashtown and Gettysburg. All the birds which the club released were banded. Sportsmen have been asked to turn over bands from birds killed to members of the club or send them to Terry Culp, Orrtanna R. 1, with a note of the area in which the birds were killed.

Plans were announced to hold a shooting match for 12- and 16-gauge shotguns at the clubhouse Sunday afternoon at the club property. The match will start at 1 o'clock with hams, turkeys and cash as prizes. It was also announced that a Christmas party for the members' children will be held December 22. Further plans for this party will be announced at the next meeting.

On Wednesday evening, November 20, a film featuring Babe Keller's hunts to Kodiak Island and Alberta, Canada, will be shown at the Cashtown community fire hall at 7:30 o'clock. Tickets may be purchased from members and will be sold at the door.

The nominating committee made its report on candidates for next year's officers. All members are urged to attend the December meeting when the officers will be elected.

Entertainment was provided by Clarence "Pete" Swartz who showed films of the building of the clubhouse and the trout project.

WINNERS IN COLOR

In the color slide competition, first place was voted to Dr. Francis Mason for a slide entitled "Beauty and Beasts," showing two burros being fed through a wire fence by a young lady. Second place went to a picture of Peggy's Cove, showing a dock and buildings, taken by Dr. Sloat. Third and fourth places were voted to slides made by Edward Stine showing surf breaking over a jetty and a dam and stream amid fall foliage. Fifteen slides were submitted in the competition.

Four guests were present at the meeting for whose benefit members brought in and exhibited what they considered to be the best work they have done over the years.

The next meeting will be held December 9.

ENDS TRAINING

PROFIT FROM FAIRFIELD'S FAIR IS \$848

Members of the Fairfield PTA Monday evening were told by the finance committee that the Village Fair cleared \$848 for the organization. The meeting was held in the high school cafeteria.

Abe Carson, treasurer, reported that \$300 will be given to the scholarship fund, \$390 for library books and \$75 will be placed in the treasury for playground equipment for the new elementary building. The remaining \$173 will be held in the treasury for next year's fair expenses and school library books. Serving with Carson were John Luntz, Mrs. James Hammett and Harold R. Blair.

Richard Straup, high school principal, reported on requirements for pupils placement on the honor roll.

EARLY MERGE

Luntz told of the school board's recent action in applying for permission to merge the three districts prior to the statewide plan, which becomes mandatory in July, 1966, and urged members to vote for the merger in the spring primaries when the referendum will appear on the local ballot. The early merger will mean approximately \$7,000-\$8,000 in additional state subsidies in the interim, Luntz pointed out. He said the board will schedule aeducational meeting to keep the public informed of developments. The next PTA meeting will be

No One Injured In \$625 Accident

Damage totaled \$625 when two cars collided about midway between here and Fairfield Monday evening at 5:45 o'clock.

State police said Clair L. Adams, 47, Gettysburg R. 6, was driving east on the Fairfield Rd. and sought to make a left turn into the road past the Lower Marsh Creek Presbyterian Church.

Adams was being followed by a truck, police said, and George Calvin Harbaugh, 18, W. Main St., Fairfield, attempting to pass the truck, failed to see the car turning ahead and the two autos collided causing \$500 damage to Adams car and \$125 to Harbaugh's vehicle.

Police said no one was injured.

FIFTY YEARS AGO

200 Pay Tribute To Eddie Plank

A gathering such as Gettysburg has probably never seen in its history assembled at the Eagle Hotel Thursday evening to do homage to one of the town's most honored sons, Eddie Plank. Ministers, lawyers, physicians, merchants, farmers, mechanics, laborers and those representing other occupations and professions attended. Members of the old Good Intent team on which Eddie first played ball greeted him again, together with members of the teams that opposed him a score or more years ago when he made his first victorious tour of Adams County. There were his warm personal friends and the members of the rising generation who gave him the adoration due a hero. More than two hundred were present and of that number many came from a distance while the portions of the county all sent their delegations. An informal reception in the lobby of the hotel preceded the supper and Connie Mack, Eddie Collins and Harry Davis, numbered among the Gettysburg boy's best friends in the baseball world, were eagerly sought. A stirring march was played by the town orchestra as the banqueters entered the dining room which was decorated with the huge World's Championship pennant of 1910 and the pennants of the Athletics and Gettysburg College. A fine likeness of Eddie appeared on the cover of the menu card and on the various pages were extracts from newspapers giving the many complimentary names that have been applied to the "old boy" as Connie Mack frequently and almost affectionately referred to him during the course of the evening. An elaborate menu was served and the spirit of the occasion was not lost here with such delicacies as "white elephant" and "Athletic salad" to be found while Eddie Plank pennants surmounted the croquettes and the ices were enclosed in imitation baseballs. Charles S. Duncan was the toastmaster and introduced Judge Swope who spoke briefly and then presented to Plank the token of esteem purchased by the banqueters, a scarf pin with a cluster of eight diamonds. Speeches were made by Connie Mack, Eddie Collins, Harry Davis and William Hersch. Dr. Granville closed the evening in telling how great an advertisement Eddie Plank had been for Gettysburg College and how he was both member of the faculty and text book in teaching the boys at the local college how to play and how to live. Shortly before two o'clock this morning the banquet came to a close and again Eddie was surrounded by his admirers, eager to grasp his hand and secure his autograph. The committee having the banquet in charge was composed of J. Harry Holtzworth, Samuel E. Weiser, Charles W. Myers, Rufus H. Bushman, W. H. Kalbfleisch and William H. Allison.

County Inventors: John Sidesinger and Harry Cline

of Idaville have invented an engine that runs by compressed air and which they claim will revolutionize the automobile business, as it eliminates the cost of gasoline. The inventors are confident that their machine will prove successful and have applied for a patent. They will equip an automobile this winter with a compressed air engine and are sure that the new engine will give an abundance of power.

Use Battlefield Roads as Models: At the request of the Bureau of Good Roads, in the Department of Agriculture, Washington, D. C., the Gettysburg National Park Commission has furnished the specifications and blue prints of the telford and macadam roads in the park, the Department having in view their introduction as samples of good road building. The commission has completed the locations of the general hospitals of the Army of the Potomac at Gettysburg during July 1863 and measures have been taken for the erection of suitable markers early in the spring. There were ten such hospitals at Gettysburg after the battle and the matter of the erection of suitable monuments is in the hands of Captain Duncan of the Regular Army. The marker proposed is five feet six inches in height of granite and bronze. The bronze tablet, suitably inscribed, will be thirty-five inches square if the design presented is adopted and the memorials will be in keeping with others erected by the National Park Commission.

Dr. J. A. Singmaster assisted in the laying of the cornerstone of the Lutheran Home for the Aged at Washington on Sunday.

New Law Affects Women Of The Town: The waitresses at student boarding houses, the operators at local telephone exchanges and women employed in the hotels in the various towns of the county are all said to be affected by the new women's employment law. If the new law is enforced to the letter the boarding houses and the country hotels will be required to have corps of waitresses for their Sunday dinners entirely different from those who serve the meals on week days. Under the new law a woman may not be employed more than six days a week and a decision recently given by the attorney general's department is to the effect that telephone operators may not be employed on Sundays, if they work on the other days of the week, even if the Sunday work would be only a few hours in a rotation system.

Today's Talk

THE LAST HOUR

All days are precious, because each one gives to us that much less time in which to live and to serve. Yet there is immense satisfaction at the end of any day, if we can feel that we have contributed something, be it ever so little, to the happiness of others.

Thus may the last hour of each of our days be one either of rejoicing, or of careful appraisal. No other hour of the day should be so dedicated to renewed resolves and to peaceful meditation.

No one should ever go to his or her rest at night unhappy. No peaceful and healthful rest can possibly result. For years I formed the habit of reading something cheerful and stimulating during the last hour before retiring for the night. I learned that it soothed the mind, rested the body, and furnished the unconscious mind with nourishment while the conscious mind, or the one of the day, was at rest. The unconscious mind never rests!

Having a selected few of the books one most loves, near to one's bed, is like reaching for the hand of a friend to guide one through the darkness of night itself. Where there are peace and assurance there can be no fear. It is fear that causes most of the restlessness and sleeplessness.

With the mind saturated with a love of beauty, and centered upon the spiritual forces that give to us all courage and leadership, we can happily welcome the last hour of the day as our richest and best.

Whoever initiated the habit of saying "Good Night" must have been inspired with a love for all human beings. Why should not every person in the world have a good night? We each can if we free our mind of all rancor, all unkindness, all envy, all resentment, and all antagonism toward others and the world.

Just Folks

HEREDITY

His great-grandfather as a boy
Snatched from a playmate's hand
A toy,
And selfishly when friends would come
Refused to let them play his drum.

His father's father as a lad
A dominating nature had.
He drove away the other boys
Who ventured near to use his toys.

His father in a trunk upstairs
Still has the dogs and teddy bears,
And all the trinkets neatly piled
Which were his treasures when a child.

And now he snatches things away
From little friends who come to play,
And mother whispers in his ear:
"Come, Willie, don't be selfish, dear!"

BIGLER SCRUBS
LOSE FINALE
TO NORTHERN

The Biglerville High School junior varsity football closed out its season Monday afternoon by dropping a 14-0 verdict to the Northern reserves on the Cannons' field.

Both schools also used varsity squad members who will return for next season.

Northern scored in the second period when Danner and Rosenberger teamed up on a 70-yard pass play. L. Flohr ran for the extra point.

Just before the game ended the Polar Bears added their second touchdown after recovering a fumble on the Biglerville eight. G. Reid blasted over from the three and also added the extra point on a run.

The Cannons, finished with a 4-2 record, had several scoring opportunities but were stymied each time.

WOULD REBUILD
BOXING IN PA.

PAOLI, Pa. (AP) — Franklin B. Wildman Jr., one of the newest members of the state Athletic Commission, feels boxing can be and should be restored to the greatness it once enjoyed.

Wildman and former state Rep. John J. Vaughan of Pittsburgh were named Monday by Gov. William Scranton to the two vacancies on the commission. The other member is Paul G. Sullivan of Pittsburgh.

Wildman, who was a high school and college athlete and said he has "been interested in sports all my life." He said he has not yet been officially notified of his appointment.

The 57-year-old Philadelphia area businessman has some firm ideas on boxing. He said the sport has been declining, for a variety of reasons, for the past several years.

"I think there is so much left there. There is every possibility of building a real following in the game, and have the American kid looking up again to such fighters as Tunney, Louis, Dempsey and other great ones."

Wildman says perhaps the youth of America can return to settling differences in the ring instead of resorting to the switch blade knife as some do.

INJURIES HURT
NITTANY LIONS

UNIVERSITY PARK, Pa. (AP)—Penn State's injury-riddled football team is hurting some more — particularly at tackle.

The Lions have been beset with physical ailments all season. One of the most damaging was the loss of tackle Harrison Rosdahl in the middle of the schedule. Rosdahl was considered the best lineman on the squad.

Now Rip Engle is threatened with the loss of his other first unit tackle, Terry Monaghan. Monaghan suffered an ankle injury in the Lions' 10-7 victory over Ohio State last Saturday and definitely is out for Holy Cross this week—if not for the season.

In addition, John Deibert, who was pressed into front line action with Rosdahl's departure, injured his knee and his status against the Crusaders is uncertain at the moment.

Also end Bill Bowes, who caught a 13-yard pass for Penn State's only touchdown against the Buckeyes, injured his hand. It is to be X-rayed to check for a possible fracture.

Wagner, Elliott
1964 Cocaptains
For Delone High

Bob Wagner and Ted Elliott, Juniors, were elected Monday by members of the Delone Catholic High School varsity football squad to serve as cocaptains for the 1964 season.

Both have been outstanding players for the Squires during the past two seasons.

Wagner, 5-11, 175, holds down a tackle position while Elliott, 5-10, 166, is a fullback.

ENGLE LIKES
GRID CROWDS
IN MIDWEST

NEW YORK (AP) — "I do think eastern football has something. There is some great football being played in this section of the country."

So spoke Penn State coach Rip Engle Monday in supporting eastern college football.

"We have won six games," Engle told the New York football writers' weekly meeting. "Maybe our kids have a little more pride in going outside and licking somebody."

He referred to Penn State's 10-7 upset victory over Ohio State last Saturday which projected the Lions into the post-season bowl picture.

"I wish we could pick up some of the things they do out west—some of the things Woody Hayes (Ohio State coach) does," said Engle. "When they have \$3.159 people in a studio audience for a TV game with no local black-out."

Penn State, loser to Army and Syracuse, meets Holy Cross Saturday and Pitt the following weekend.

Engle mentioned quarterback Pete Liske, halfback Gary Klingensmith and guard Glenn Ressler as outstanding players.

Liske's passing and ball handling in the Ohio State game earned him the No. 1 backfield designation on the weekly ECAC All-East major college football team announced Monday.

Liske passed for 168 yards and the only Penn State touchdown. The victory moved Penn State into fifth place in voting for the Lambert Trophy, emblematic of eastern major college football supremacy.

ON ECAC TEAMS
Pitt, on the basis of an impressive 27-7 victory over Notre Dame, widened its second place edge over Army in the voting for the Lambert Trophy by coaches, sports writers and sportscasters. Navy was first in the weekly poll.

Pitt, meanwhile, remained on a list of prospective teams for the Gator Bowl which was narrowed to a dozen Monday.

And Pitt back Paul Martha, who ran 93 yards against Notre Dame, also was named along with Liske to the weekly ECAC team.

For the second straight week, Al Atkinson, a Villanova tackle, was named to the team.

Kathy Whitworth
Adds To Bankroll

SAN ANTONIO, Tex. (AP) — The women's golf tour rolled on to Gulfport, Miss., today with Kathy Whitworth of Jal, N.M., holding the San Antonio Civitan Open Championship — her seventh tournament victory of the year.

She ran her 1963 bankroll to \$24,533 Monday as she took down first money of \$1,300 by capturing a sudden death playoff from the acknowledged queen of the links—Mickey Wright.

Misses Whitworth and Wright tied at 72 holes with 299 and in the playoff Miss Whitworth was par 4 on the first hole while Miss Wright hit a sand trap and took a bogey five.

SHORT DENIES
TALK OF TRADE

MINNEAPOLIS (AP) — Los Angeles Lakers owner Bob Short labeled as ridiculous rumors that his club's star players, Elgin Baylor and Jerry West, were possible trade bait with the Baltimore Bullets of the National Basketball Association.

"The only way you can answer such a ridiculous rumor is with an equally ridiculous reply," Short said when contacted Monday night at the Lakers-Detroit Pistons game here.

"Everybody knows that Baylor and West are not for sale or trade regardless of the offer," he added. "I'm sure the management of the Baltimore ball club knows that."

He acknowledged that he had heard rumors of the trades. One proposed Baylor going to the Bullets even up for Walt Bellamy. The other had West, Jim Krebs and Frank Selvy being swapped for Bellamy.

TEXAS KEEPS
ITS GRIP ON
TOP OF POLL

By HUGH FULLERTON JR.
Associated Press Sports Writer
NEW YORK (AP) — As the only major college team still unbeaten and untied, despite the slender margins of victory, Texas retained its spot as the nation's No. 1 football team this week.

The Longhorns were first on 48 of 53 ballots and took the top spot for the fifth straight week by a comfortable margin.

The panel of sports writers and broadcasters voting in the weekly Associated Press poll also meted out recognition as due to other winners and losers. Navy, Michigan State, Oklahoma and Pitt rose in the rankings while Illinois, Auburn and Ohio State went down.

Texas, winning its eighth straight game, had to go all out to win a squeaker from Baylor 7-0. That was the fourth in a row won by no more than a touchdown. Instead of discounting the Longhorns because of those margins, the experts gave them a whopping total of 526 points on the scoring basis of 10 points for a first place vote, nine for second, etc. That came on 48 firsts, four seconds and one vote for fifth.

Navy moved up from fourth to second with 446 points, replacing Illinois, which skidded far down the list after a 14-8 loss to Michigan. The voters obviously were impressed by the ease with which the Midshipmen massacred Maryland 42-7. Mississippi, an easy 41-0 winner over Tampa, a minor opponent, remained in third. Michigan State climbed from ninth to fourth after trimming Purdue 23-0 and taking the Big Ten lead.

Behind them in the Top Ten came Oklahoma, Pitt, Alabama, Illinois, Auburn and Nebraska.

PITT GAINS TOO
Oklahoma, a 24-14 winner over Iowa State, just nosed out Pitt for fifth in the point scoring, 284-281. Pitt's decisive 27-7 victory over Notre Dame lifted the Panthers from eighth place. Alabama, idle last Saturday, remained in seventh.

Auburn dropped from fifth to ninth after being edged by Mississippi State 13-10. Nebraska, holding its Big Eight lead with a 23-9 decision over Kansas, replaced Ohio State, a 10-7 loser to Penn State, as the ninth team.

The top ten teams with first place votes in parentheses and points on a 10-9-8-7-6-5-4-3-2-1 basis:

	Pts.
1. Texas (48)	526
2. Navy (4)	446
3. Mississippi	361
4. Michigan State (1)	303
5. Oklahoma	284
6. Pittsburgh	281
7. Alabama	253
8. Illinois	133
9. Auburn	91
10. Nebraska	84

SAN DIEGO'S
ALWORTH IS
TOP PASSER

NEW YORK (AP) — Lance Alworth, San Diego's baby-faced flanker back, tied an American Football League record Sunday by catching 13 passes against Boston in a performance that made him the leading ground gainer among the league's pass catchers.

Although Alworth's total of 46 catches is good for only sixth place in the standings and trails leading Art Powell of Oakland by six, he has gained 968 yards and scored eight touchdowns. Alworth's catches have been worth a fantastic average of 21 yards.

Clem Daniels recaptured the rushing lead when he picked up 122 yards in 31 carries for Oakland in the Raiders' 27-7 Friday night victory over Kansas City.

Tobin Rote of San Diego retained first place among the passers with Jack Kemp of Buffalo close behind. Rote has averaged 9.5 yards per attempt and has completed 114 of 182 for 14 touchdowns.

Gino Cappelletti, Boston's place kicker, widened his impressive lead in the scoring department with a total of 87 points to 53 for George Blanda of Houston.

BELIVEAU IN
SCORING LEAD

MONTREAL (AP) — Montreal's Jean Beliveau maintained his National Hockey League scoring lead last week, but Chicago's Bobby Hull made the biggest gain and vaulted into a tie for the runner-up spot.

Beliveau accounted for one goal and two assists last week and now has six goals and a league-leading 17 assists for 23 points, according to league statistics released today.

Hull, meanwhile, picked up five points for a total of 18 and tied teammate Stan Mikita for second place. New York's Phil Goyette is fourth with 15 points. Mikita fired three goals last week, taking over the No. 1 spot in that department with nine.

Detroit's Gordie Howe, the defending scoring champion, is in a tie for 12th place with nine points. Howe ran into a slump while trying to score an NHL record 545th goal. He did it Sunday and now has five goals and four assists for the season.

Choosing Teams
For Eastern Bowl
ALLENTOWN, Pa. (AP) — Undefeated Northeastern University of Boston, second in the Lambert Cup ratings, will be the at-large entry in this year's Eastern Bowl football game here Dec. 14, according to Michael P. Roman, president of the Eastern Bowl.

Temple, Susquehanna, West Chester State and Slippery Rock state are being considered as the home team entry.

CORTLAND, N.Y. (AP) — This is the kind of life Leon Chandler has led—

He went directly from college to a career of fishing for pay. He's only 38 and isn't thinking of retiring. Just what would he retire to?

He is the vice-president of a company that makes fishing lines and as such he has visited virtually every lake and stream in the United States and many throughout the world. He's just returned home from an international fair at Poznan, Poland, where he represented 30 American firms and the fishing gear they make.

FISHING GREATEST
Fishing in Poland, as in the United States, is the country's greatest participant sport. There are these differences: In the U.S. fishing must compete with golf, bowling, tennis, motorizing and TV watching for the angler's time. In Poland there are few if any distractions. Besides that, a successful Polish fisherman eats better. Meat is scarce.

The Poles, then, were more than just interested in what Chandler had to show. They were amazed. What Americans consider commonplace, such as a push button spinning reel, is regarded as extreme luxury there. And the inexpensive lures, flies and special lines Americans take for granted are either nonexistent or, when available, priced beyond Polish reach.

News of the amazing American fishing tackle spread like wildfire in Poland. Visiting U.S. Sen. Philip Hart, D-Mich., was told by a train engineer some 500 miles from Poznan that the U.S. fishing exhibit was the best thing at the International Fair. And a group of Russian army officers, including a general, requested a special demonstration by Chandler.

He obliged.

He completed 12 of 19 passes for 176 yards and gained 67 additional yards on option plays. Roger Staubach of Navy and Billy Lothridge of Georgia Tech, two of the season's most consistent quarterbacks also had good days, but failed to measure up to Douglas in overall performance.

Staubach scored two touchdowns and passed for a third in running his season's individual yardage to 1,544 an all-time Naval Academy high, in the 42-7 victory over Maryland. Lothridge completed 20 of 34 passes in the 15-7 triumph over Florida State for 246 yards and had an overall total of 274 yards for the day.

LAUREL, Md. (AP) — A handy guide for betters is "Horses for Courses." Mongo re-emphasized it Monday by taking the measure of champion Kelso in the Washington, D.C., International.

The course is grass. Mongo had been beaten only once in five previous races on the turf. Kelso had won only once, a minor event at Saratoga in the same number of outings on grass.

Half of Kelso's grass races now have been in the International and each time he's been runner-up. He wasn't given a chance to try the turf between last year's International and the 12th running.

Mongo and Kelso together turned the International into a strictly American match race against eight others from six foreign nations. It was a dozen lengths back to the third place Nyceros from France.

After the first half mile, during which Mongo twice repulsed Ireland's Christmas Island, there was only Kelso to make it a race. The champ also made two passes at Mongo but failed by one-half length.

WASHINGTON'S
BILL DOUGLAS
BACK OF WEEK

By WILL GRIMSLEY
NEW YORK (AP) — It's one thing to drive a football team across the field into scoring territory and another to push the ball across for the touchdown.

Sometimes it is possible to become so enmeshed in the value of statistics that more attention is given to the touchdown makers than the men who make the touchdowns possible.

Such is not the case today in The Associated Press' Back of the Week—Bill Douglas, the 5-foot-11, 175-pound quarterback at the University of Washington.

WAS SCORING WHIP
Douglas made only one touchdown — a mere pittance when measured by the production of some of the country's other backs — but he had a hand and a foot in a half-dozen in the Huskies' 39-26 victory over California.

The 20-year-old junior signal-caller was the whip in scoring drives that covered 85, 77, 79, 90 and 48 yards and he also helped put the ball in position for a 32-yard field goal.

He completed 12 of 19 passes for 176 yards and gained 67 additional yards on option plays. Roger Staubach of Navy and Billy Lothridge of Georgia Tech, two of the season's most consistent quarterbacks also had good days, but failed to measure up to Douglas in overall performance.

COEDS BUILD
MUSCLES AT
AUBURN, ALA.

By REX THOMAS
AUBURN, Ala. (AP) — "I'm old-fashioned," complained Athletic Director Jeff Beard. "I still say I don't like to see muscles on pretty girls."

All the same, Auburn, whose once-beaten football tigers are among the nation's best, is turning out female athletes, too, while rugged guys like Beard moan in dismay.

Thirty-eight shapely coeds spend an hour a day, five days a week, running the dashes, broad jumping, high jumping, putting the shot, throwing the discus, as part of their academic work.

EXPERIMENTAL CLASS
It's an experimental class in physical education under the smiling direction of Auburn's newly appointed varsity track coach, Mel Rosen.

It all started several months ago when more than two score girl students suggested track classes as something new in the physical fitness kick. When the fall quarter started in September, it was added to the curriculum—purely on a voluntary basis.

Only four of the 38 girls who volunteered for the initial experiment are physical education majors. And only one, freshman Marilyn Jo Smelko of Crystal Springs, Miss., has had previous experience.

HIGH SCHOOL VET
"She ran track in high school," says Rosen, "and she's one of our best performers."

To prove that, the demure Marilyn, who wouldn't weigh over about 110 pounds with a full meal, got off a practice broad jump of 15 feet 9 inches. She's an art major.

Surprisingly, the coach says the coeds are easier to teach in some events than the men are.

"They're more graceful," But Beard, the athletic director, still isn't convinced. "I'm having a hard time getting used to it," he protested.

For the moment, though, he needn't fret too much about muscles. If the girls have them, they're in the right places.

BIG O HOLDS
SCORING LEAD
IN NBA RANKS

NEW YORK (AP) — Big O — Oscar Robertson of the Cincinnati Royals—held the National Basketball Association lead in both scoring and assists in the latest figures released today, but the NBA news continued to be the new accent on defense.

Robertson hit 29 points in each of three games during the week to run his total to 333 points in 13 games. He added 22 assists to make it 122 in that department.

Over-all, the nine clubs were averaging 108.9 points per game, compared to 116.0 at the same point last year. Shooting percentage were off from .432 to .426, as well.

CHAMBERLAIN LEADS
The San Francisco Warriors, with a new image under Coach Alex Hannum, are holding their opponents to 73.3 points a game, nearly seven points less than the next stingiest team, the Boston Celtics.

Wilt Chamberlain of the Warriors continued to lead the league in scoring percentage, 30.6 per game, but well off his normal pace as he concentrates on defense.

Charlie Vaughn of the St. Louis Hawks retained the field goal percentage lead with a .524 average, and Cliff Hagan of the Hawks moved into the lead in free throw percentage with a .914 average.

Jerry Lucas of Cincinnati held his rebound lead with 224. Bill Russell of the Celtics had the top average, 24.4 a game.

Minnick Resigns

Bill Minnick, football coach at Shippensburg High School for the past five years, has submitted his resignation, giving as the cause "personal reasons."

Shippensburg finished its 1963 season with a 3-7 mark to give Minnick an overall 28-21 record since taking over the Greyhounds. He graduated from Shippensburg State College in 1952 and previously coached at Red Lion, York, Hannah Penn, Bolling Springs and Mechanicsburg.

Coast Guard Photographs Cuban Raiders Kidnapping 19 Refugees From Island

Editor's note— Coast Guard operations off south Florida are mainly concerned with Cuban refugees escaping and raids against the Communist island from this country. Daily air and sea patrols are maintained. An Associated Press staff writer and photographer made one such flight. This is a look at the air patrol.

By JOE MCGOWAN JR.
Associated Press Staff Writer
MIAMI, Fla. (AP) — A slow-moving, unarmed Coast Guard patrol plane defied guns trained on it by Cuban militiamen and scored a major propaganda victory over the Fidel Castro regime.

Photographs taken by the crew of the twin-engine amphibious plane showed the world a Cuban raiding party kidnapping 19 refugees from Anguilla Cay, a desolate British island 40 miles off Cuba's north coast.

RUSSIAN 'COPTER

Photos showed a Russian-built helicopter on the ground and two Russian-made PT-type boats speeding from the island with the refugees aboard. One photo showed three men in one boat with their automatic rifles aimed at the U.S. aircraft.

Catching the Cubans in the daylight raid is regarded by the Coast Guard's Miami Air Station as the most exciting thing that has happened since Castro came to power.

Search and rescue has been and still is the Coast Guard's primary job. These missions can be tedious. Sometimes they are dangerous.

Since mid-1959, a preponderance of search and rescue missions have been linked in one way or another with the Cuban situation.

GUARD AGAINST ATTACKS

In addition, the Coast Guard has been assigned the difficult two-way task of guarding against illegal Castro activities, yet protecting the Communist island from attack by anti-Castro exiles.

To handle the assignment, the Coast Guard has siphoned off men and equipment from its stations around the world and added them to the command of the 7th Coast Guard District, headquartered in Miami.

The district has become the largest Coast Guard operation

in the world, said Comdr. James Dillon. Ten high-wing Albatross amphibians, capable of land or sea operation, and three helicopters operate from the air station at Dinner Key.

On March 30 1963, President Kennedy issued a proclamation against raids on Cuba.

CONSTANT PATROL

"Since then, we have had a plane in the air at almost all times during daylight hours, and quite often at night," said a Coast Guard officer.

This newsman and photographer Earl Shugars went along recently on Patrol Charlie, a 1,000-mile, 8-hour flight.

Lt. Comdr. W. K. Cooper guided the chubby Albatross aloft in a spray of salt water and leveled off at 500 feet, maximum altitude for the entire flight. Cruising speed was 140 knots.

At 500 feet, you can tell a shark from a porpoise, or a pleasure boat from a raiding party, but you're high enough to scan a wide stretch of ocean.

SCANS OCEAN

The plane flew south of the Cuban port of Caibarien, where the exile group Commandos L once attacked the Russian merchant ship *Baku*. The plane turned eastward, keeping just outside the three-mile limit.

At 10:50 a.m., co-pilot Lt. (jg) E. W. la Croix Jr., sighted two small boats, a few miles east of Cay Lobo lighthouse. The plane dropped to about 50 feet and circled the boats, which were quickly identified as Cuban fishing vessels.

It was late afternoon when the Albatross waddled up the ramp to its parking place in Biscayne Bay.

PHILADELPHIA (AP)—Several basements and business establishments in a section of south Philadelphia were flooded Sunday as the result of a broken 20-inch water main. Edward Kesler, owner of Bangkok Industries, estimated the \$40,000 worth of imported teakwood was ruined. The teakwood was imported from Thailand for flooring.

The Houston Colts have 22 players in winter baseball leagues. Thirteen are in the Florida instructional league, five in Venezuela and four in Puerto Rico.

WILL BISHOPS BE FORCED TO RETIRE AT 75?

By GERALD I. MILLER
Associated Press Staff Writer

VATICAN CITY (AP)—Bishops at the Vatican Ecumenical Council argued anew Monday over reform of the Roman Curia and split sharply on a new issue: whether aged bishops should be forced to resign their sees.

Francis Cardinal Spellman of New York, alluding to a flareup that occurred in the council Friday when a German cardinal called for basic reform of the curia's Holy Office, told the 2,300 council fathers that they had no power to propose modifications or corrections in curia procedures.

CAN ONLY SUGGEST

"We can only make suggestions and recommendations," he was paraphrased as saying by council press spokesmen.

The curia is the church's administrative organ.

A number of prelates at the day's meeting in St. Peter's Basilica called for mandatory retirements after the age of 75 for the general well-being of individual dioceses and the Church as a whole. Other council fathers raised strong objections, claiming some bishops would have no means of support and no place to go.

The question of curia reform and the suggestion for bishop retirement provisions came as the prelates resumed debate, after a weekend recess, on a draft schema on "Bishops and the Diocesan Government."

HEATED DISPUTE

At one point in the debate, Carlo Cardinal Confaloniari cautioned the council fathers to keep the dispute from getting too heated. He suggested the prelates use milder terms. The cardinal is a member of the curia.

Joseph Cardinal Frings of Cologne, Germany, brought the matter to a head Friday when he denounced the Holy Office and called for its revision. Alfred Cardinal Ottaviani, secretary of the Holy Office, immediately protested.

The exchange underlined the progressive and conservative crosscurrents in the council. Cardinal Frings is a leading progressive. Cardinal Ottaviani is considered the council's outstanding conservative.

Today In Washington

WASHINGTON (AP)—In the news from Washington:

OTEPKA: Two of three State Department officials who have acknowledged that the telephone wiring in Otto F. Otepka's office was rigged for eavesdropping will go on "administrative leave" today.

Meanwhile, the department has launched an inquiry into the incident and said it will move as promptly as possible.

Going on indefinite leave, depending on the termination of the inquiry, a department source said Saturday, are John F. Reilly, deputy assistant secretary of state for security, and Elmer Dewey Hill, chief of the division of technical services in the department's office of security.

They and David I. Belisle, Reilly's special assistant, have told the Senate Internal Security subcommittee that wires were connected to Otepka's telephone to permit eavesdropping on conversations.

They also said no actual interception of conversation took place.

Otepka, a veteran State Department security officer, has been dismissed on charges of unbecoming conduct. Among other things he was accused of supplying the subcommittee with information from confidential employe loyalty files.

PLANE PRICE: It will cost Australia an estimated \$125 million to purchase two squadrons of TFX fighter-bombers from the United States.

In calculating the approximate price Sunday, the Defense Department said the Australians will foot part of the development costs as well as production expenses.

The TFX—tactical fighter, experimental—is still on the drawing boards. Australia intends to purchase 24 of the planes, which will carry the designation F111A.

RED TRADE: Sen. Jacob K. Javits thinks the United States should expand its trade with the Soviet bloc in nonstrategic goods.

And in so doing, says the New York Republican, the United States should coordinate its policy with that of other non-Communist nations already doing business with Russia.

Javits made the remarks Sunday in a program taped in Paris and relayed to New York state for radio and television broadcast.

PITTSBURGH (AP) — The state Superior Court opened Monday its fall session for the western district.

About 65 cases are listed for argument. Thirty-three attorneys were admitted to practice before the court.

Vatican Model Weighs 600 Pounds

HOLY HILL, Wis. (AP) — An eight-foot-square scale model of Vatican City weighing 600 pounds, is scheduled to be shown extensively throughout the country in the next 18 months.

One of the first public showings of the model, which is scaled one inch to 28 feet, opened recently at the Shrine of the Holy Hill, site of a Carmelite monastery.

An electric panel individually lights up 18 selected points of interest when each button is

pressed. These include the Papal Palace, library, observatory, railroad station, radio station, Sistine Chapel as well as St. Peter's Basilica.

The exhibit, which took 700 hours to build, is owned by a West Bend, Wis., securities firm.

GAMES, PANEL SHOWS FILLING MUCH TV TIME

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Network television is devoting 40 hours per week to game shows, panel shows and audience participation shows.

"That is much more time than is devoted to any other single category. Within a couple of months the time will be increased by another hour."

NBC is undisputed champ, with nine such programs for a total of four and one-half hours a day five days a week.

MORE TO COME

And it soon will add an evening, once-a-week edition to its schedule when "You Don't Say," an afternoon fixture, expands to replace the canceled, "Redigo," a Western.

ABC is second in fun-and-games with four daytime shows and two evening programs.

CBS has only two daily shows, but each of these has a once-a-week evening program as well, plus the perennial nighttime "What's My Line?"

but its total will increase after the first of the year when it adds "Alumni Fun" to its Sunday afternoon schedule.

"Alumni Fun," apparently, is a late replacement for "College Bowl," the sprightly quiz show featuring teams of bright college students that moved to NBC this season. The new CBS show matches teams of well-known old grads.

If the viewers wonder about network enthusiasm for games and panels, there's a simple explanation: They are inexpensive and they usually draw good audiences.

TW3 DREW WELL

NBC reports that Sunday night's experimental special, "That Was The Week That Was," satirizing current events, drew a record 639 telephone calls at its New York headquarters, including some from as far away as Florida and Texas.

Mrs. Katherine Cole, who has charge of listener calls and letters, said 406 callers approved, calling the program "new" and "brilliant."

The other 233 calls were disapproving, with viewers protesting they thought it had taste to poke fun at the President and the clergy.

SOME TROUBLE SPOTS

CBS, unhappy about some trouble spots in its schedule, is

trying to make some emergency repairs.

Starting Saturday, it will move the faltering "Phil Silvers Show" into a later spot and return the award-winning "Defenders" to its old 8:30-9:30 (EST) spot.

Some thought also is going into the possibility of moving "The Judy Garland Show" to break up a solid two-hour block of variety entertainment, starting with Ed Sullivan's hour on Sunday nights.

Recommended tonight: "Calamity Jane," CBS, 9:30-11 — musical comedy special starring Carol Burnett.

RESUME SHOW AFTER BLAST

GRAND RAPIDS, Mich. (AP) — The Holiday on Ice touring company, shaken by disaster in Indianapolis 13 days ago, was back on its blades here today as a crowd-pleasing, professional entertainment unit.

A test-of-mettle performance Monday night went off without a hitch before a near-capacity crowd of 3,200 persons at Civic Auditorium.

It was the first time for the unit to appear in public since Oct. 31, when a gas-triggered explosion ripped the Indianapolis Fairgrounds Coliseum. The explosion killed 71 spectators, the latest victim dying in a hospital Monday, and injured about 380 others.

It took guts, but we made it," a girl skater commented in the wings after the Mardi Gras "pinwheel" finale.

She referred to the point at which the Indiana tragedy struck.

Musical conductor Ben Stabler said at intermission that the performers were nervous Monday night.

"This afternoon at rehearsal," he said, "we got to the pinwheel part and we had a few bad moments when we couldn't go on, but we got over it."

For others in the show it was "great to be back to work."

MRS. NHU TOO TIRED TO FLY

LOS ANGELES (AP) — Mrs. Ngo Dinh Nhu, battling exhaustion, has delayed a flight to Rome and a reunion with her three younger children.

Mrs. Nhu had planned to leave today for Rome, then either return to South Viet Nam directly or via Los Angeles, an informed source said.

South Viet Nam's former First Lady had said in private that she believes many of the ruling junta which overthrew her family's regime are still on her side, according to a source close to her.

She believes if she can return to Saigon before the first general election under the new regime she can regain support, the source said.

EXCESSIVE FATIGUE

Mrs. Nhu had been vacillating for days over whether to bring the children, ages 15, 11 and 4 to Los Angeles or to meet them in Rome, said an aide.

She decided to leave for Rome today, but Monday night found herself unable to go on, the aide said.

A doctor said she was suffering from excessive fatigue, according to the aide.

An informed source said Mrs. Nhu, who had been planning to remain for at least six months in Los Angeles, may now settle her younger children in Rome and Le Thuy in medical school in Paris and return only briefly to the United States.

FARMERS EYE PROJECT 70

YORK, Pa. (AP) — The Pennsylvania Farmers' Association reportedly is preparing two resolutions dealing with Project 70 and the Supreme Court ban on required Bible reading in public schools.

The wording of the resolutions has not been fixed as yet, but association president G. A. Biggs of McConnellsburg gave an indication of what they probably will contain when he spoke Monday at the opening session of the organization's 13th annual meeting.

Speaking on the state's newly approved conservation plan, Biggs said:

"Project 70 is now a reality. This is a land buying program and it becomes very urgent that farmers in 1964 take a very careful look at how the government buys land ... the farmer's challenge is to see that rights to land in this great commonwealth will be protected."

Biggs also attacked the U.S. Supreme Court ruling which prohibits required Bible reading in public schools.

Christian principles have been the foundation for this society since the early days of the colonists, he said, declaring:

"Today, however, the foundations are being destroyed. The terms are at work. Separation of church and state is fine. We believe in that. But divorce of God from state is fatal."

He urged the membership to "encourage prayer and reading of the Bible in our schools."

"Nothing has ever happened to us in this house before," she said Monday, "but when your front yard suddenly sinks 18 feet, that's something."

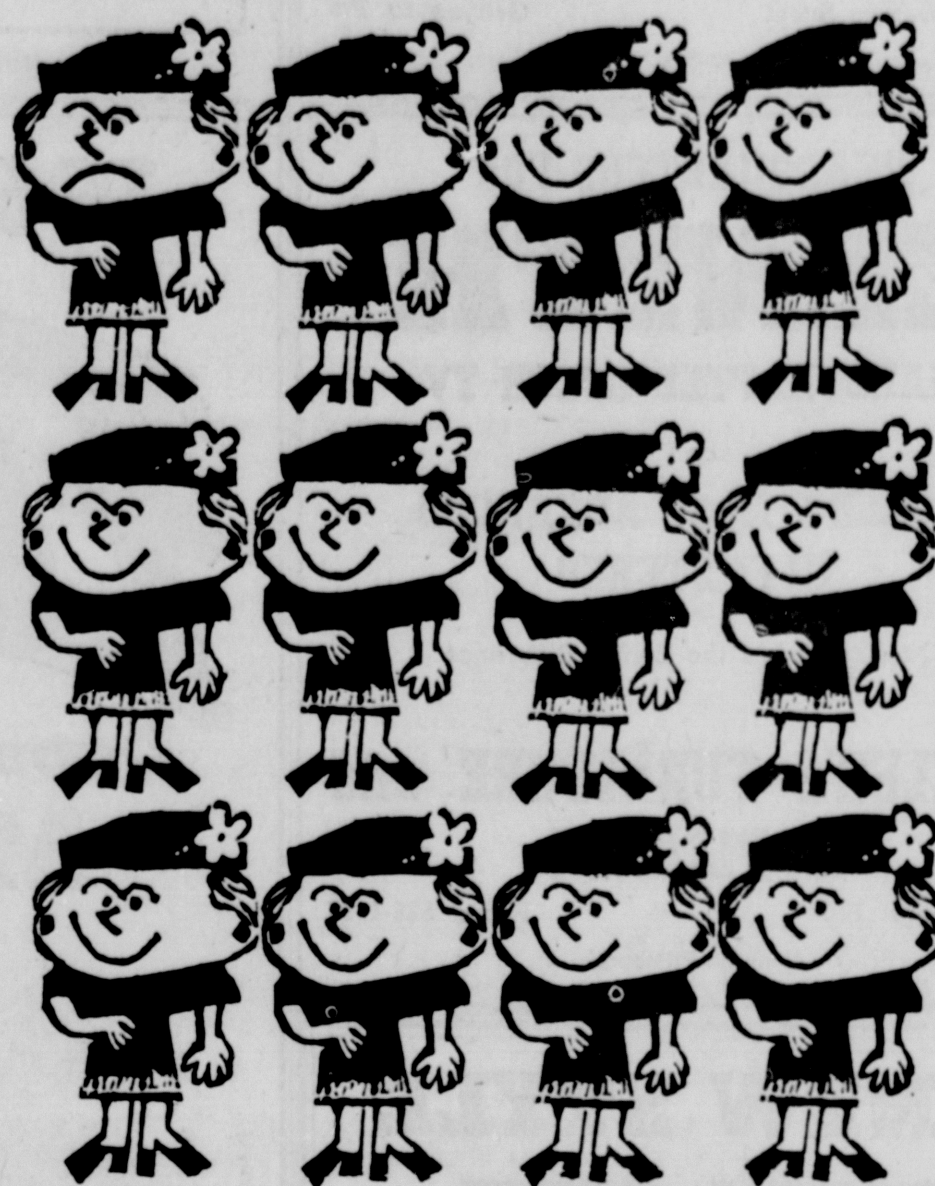

Mrs. Esther Baker said the hole appeared over the weekend. Police were summoned. "An officer looked into the hole, suggested we fill it up, then left," she said.

"But then we discovered that the bottom of the hole apparently is the top of an old Indian or Spanish well. And that means it could go down another 50 or 100 feet."

NATION'S IDLE PRODUCTION CAPACITY CUT

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Jobs, prices, profits and business growth plans — all are tied in some degree to the slow but steady whittling down of the nation's idle production capacity.

The gap in recent years between how much of its resources an industry was using and how much it would like to use—almost never 100 per cent, as you might think — has been credited with:

—Holding down prices because of the competition, to the joy of the consumer, but to the frustration of a company plagued by rising operating costs.

—Crimping profits in ratio to sales.

—Keeping business spending more modest than the planners would like if economic growth is to hit a pace that will make enough more jobs to trim the unemployment rolls.

CLOSING THE GAP
Most industries are closing the gap between activity and the optimum use of the facilities they built in the middle and late 1950s. But some are slipping a little. On the average, industry still has room for improvement.

How much of their capacity various industries are using compared with the operating rate they prefer is plotted in a survey by McGraw-Hill publishing company's department of economics.

The optimum rate isn't 100 per cent because machines, like people, get the sniffs and have to be repaired or checked, and because the oldest equipment or plant rarely is the most profitable to operate.

NEAR BEST PACE
The highest preferred rate is 97 per cent, in the paper & pulp industry. Actual usage is 94 per cent, a nice climb from the 89 per cent at the end of 1962.

Textiles, operating at 95 per cent of capacity are within one point of the most profitable pace of 96 per cent. Petroleum and coal products, at 93 per cent, are crowding the 95 per cent optimum. Autos, trucks and parts have climbed to 90 per cent, against a 96 per cent preferred level.

PLAN EXPANSION
For all manufacturing the average optimum is 92 per cent and current usage 85 per cent.

Business confidence in boosting sales next year is strong enough to lead manufacturing

here's truth about hormones for face, neck and hands

NEW YORK (Special) — Reams have been written about hormones. Will they make women of 75 look 16 again? Absolutely not. Will they make women of 60 feel like they were 20 again?

To know the truth about hormones you need to learn just two simple facts: (1) The beauty of a woman's skin starts breaking down as signs of age begin, because the female organs fail to supply enough estrogenic hormones to feed the skin—less and less as you grow older. (2) Estrogenic hormones can be supplied to the skin by rubbing on a penetrating formula containing the hormones.

Here is a test reported in a scientific journal, one of many that showed similarly sensational results: Twenty-five women applied hormones to one side of the face and neck, and to one hand. On the other side and the other hand, a similar preparation containing no hormones was applied the same way.

These are the reports in simple words: Skin lines (or dry-skin wrinkles) quickly dimmed or disappeared from sight as creases and hollows filled out.

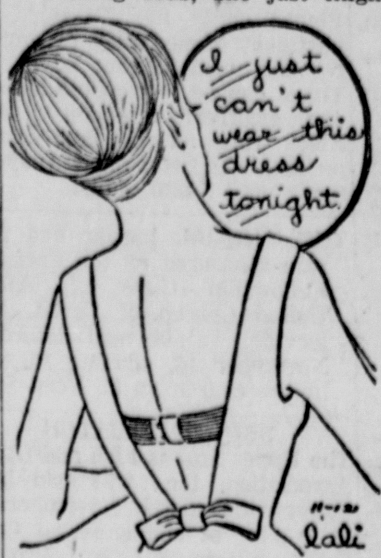

Blotches and "old-age freckles" faded on hands, face and neck. Skin was softer, clearer, seemed to lose its chronic dryness and take on a revived freshness and vitality. All these amazing things happened on the side where the hormones were used. Meanwhile no comparable changes occurred on the other side. The same withered, lifeless complexion.

Now to select a good estrogenic hormone preparation, here is what you need to know: The strength of the hormone preparation must appear on the label! The recommended monthly allotment for the

NOTHING TO WEAR. A lovely may have a closetful of after-dark dresses but, lacking a cache of evening bras, she just might

have nothing to wear. Dress necklines are so diverse that it is unlikely that a single bra style could serve.

Whether milady has one or a dozen dresses, a neckline must be underscored by a co-ordinate bra. Otherwise, bras will put on a show and turn the drama of a dress into farce.

To accommodate every dress neckline, there is a counterpart in corsetry: brassieres, bra-lettes, d corselettes offer demure, a deep V plunge, dipping U back, wide-set or adjustable straps, or complete backlessness.

All are designed with great delicacy. Fabrics are sheer and lacy, a feminine joy. Colors are luscious and keyed to harmonize with dress shades, from pinks to darks. Constructions provide natural, supple body lines. And the utmost in the way of weightless comfort!

Thus evening corsetry supplies all the best in design—function, attractiveness, ease and, above all, appropriateness. Not to take of it could only seem perverse or maybe careless. To slip up on matching up the necklines of bras and dresses would be . . . well, what would you call it?

Let me help you with the problem of a too-fleshy arm, chest or upper back by sending you my leaflet, TRIMMERS AND SLIMMERS. It contains a set of coordinated spot reducing exercises—easy to do, quick to get results. companies to plan an average addition of 4 per cent to capacity. The survey says this calls for an outlay of \$40.7 billion, but the increase over 1963 would be smaller than in recent years. The majority of the spending will be for modernization rather than additional plants.

GOLDWATER'S DRIVE IN PA. BEING PUSHED

DALLAS, Tex. (AP) — Two prominent Texas Republicans who are backing Sen. Barry Goldwater for the 1964 Republican nomination for president are invited to address a group of Philadelphia businessmen and their wives later this month.

The host for the affair, John G. Pew, vice president of Sun Oil Co., describes the visit as an affair to "get some grassroots working for conservatives." He shrugged off reports it might spark the start of a drive to get the Pennsylvania delegation to the Republican National Convention behind Goldwater or a primary fight among state Republicans.

The speakers at the affair on Nov. 23 will be Sen. John G. Tower, R-Tex., and Peter O'Donnell Jr., Texas state chairman of the Republican party and the chairman of the national Draft Goldwater Committee.

Pew said about 60 persons were invited, but declined to name them.

The Philadelphia Bulletin reported Sunday that a group of Philadelphia and Pittsburgh industrialists are planning to

launch a drive to win the Pennsylvania delegation for Goldwater. The Bulletin said the drive and a Goldwater campaign organization will be announced next Friday when Goldwater is in Pittsburgh to address to a meeting of Harvard Business School alumni.

Cathedral Adds 3,580-Pipe Organ

ST. LOUIS (AP) — The Christ Church Cathedral will install a new pipe organ prior to the opening of the Triennial General Convention of the Episcopal Church in St. Louis in 1964.

The Very Rev. Ned Cole, dean of the Cathedral, said the organ will include 77 stops and 3,580 pipes. It will be installed in the west end of the Cathedral.

The organ will be built by the Aeolian-Skinner Organ Co. of Boston. The firm has constructed organs for New York's Lincoln Center, and this year supplied the organ for Paris' Notre Dame Cathedral.

LA Colleges Are Basis Of Freedom

WESTERVILLE, Ohio (AP) — Christian liberal arts colleges are a bulwark of American freedom, President Terry Wickham of Heidelberg (Ohio) College told a recent convocation at Otterbein College.

"There are so many of us — almost 500 at last count — that we can make ourselves felt in every section of America," Wickham said.

"We are individually small enough to be flexible, to change and meet new times, to develop new ideas, to adapt ourselves to new ways of doing things, to adapt to new people."

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Back in 1836, America had a badly balanced federal budget. The Treasury wound up with a surplus of \$28 million. It solved this embarrassing situation by refunding the money to the 26 states in the Union.

SALT AND PEARLS

"There is only one way to achieve happiness on this terrestrial ball, and that is to have either a clear conscience, or none at all" — Ogden Nash.

Salt is an essential ingredient in cultivating pearls. If the salt content of the water falls too low, the oysters die; if it is too high, the pearls turn golden, instead of developing the pinkish glow.

CONSTANT SURPRISE

Men always are surprised at the contents of a woman's handbag. Among the items the late Eleanor Roosevelt habitually carried in hers were several "short-shorter" bills, a card bequeathing her eyes to an eye bank, her driver's license—and a pistol permit.

WRINKLES

by Marie Davant

NEW YORK — Chemical science has found a white substance made with quicksilver that works wonders on wrinkled, roughened face and hands. Use it one time and it is entirely possible you will see improvement next morning. In a few days dry-skin wrinkles start to vanish. Many of the small ones around the eyes and mouth have already disappeared. But that is not all! "Old-Age" (weathered) brown spots on hands and arms—brown "age" darkness on surface of face and neck fades away! Rich oils lubricate pores so blackheads can slip out without squeezing. Surface pimples and blemishes

and scars, outwardly caused, dry out or become less noticeable! But don't take my word for it. Make a 6-day test without risking one penny. Just get a jar of Peacock's Imperial Creme at your favorite department or drug store. Use this thrilling cream for 6 days—and if you are not delighted with results, full price will be refunded. No questions asked. Peacock's Imperial Creme can work wonders for wrinkles, lines, brown spots and other weathered blemishes. You may obtain Imperial Creme for \$2.00 plus tax from Rea and Derick Drugs. Clip this out.

Letter To The Editor

Box 179, Delta Phi State College, Pa.
November 7, 1963
Mr. Paul L. Roy, Editor
The Gettysburg Times
18-20 Carlisle St.
Gettysburg, Pa.
Dear Mr. Roy:

I will certainly be happy when the day arrives that the people of Adams County are aroused from their sleep of apathy. This is 1963 and not 100 years ago.

In the recent election the results showed that the people of Adams County are resisting change whether it means improvement or not. The county's voters saw fit to vote down the proposed constitutional convention. Supported by those in high state offices, the convention was to improve by revision Pennsylvania's antiquated constitution.

As a student at Penn State, having the highest tuition of any state-supported institution in the nation, I was shocked to read that the people of Adams County voted down the proposal that the state be permitted to loan money to college students. By their actions, Adams Countians have condemned higher education. At least

Buyer Should Have Kicked Tire

MIAMI (AP) — A prospective auto buyer wanted to trade in his motorcycle.

Salesman Hal Nebel figured: "I'd better drive this thing around the block to see how it runs."

Nebel was in an accident half-way around the block and injured both legs. "I should have just kicked the tires," he said later.

The remainder of the state felt that this measure was important enough to support it. I fail to understand the actions of the people of this county. How can Adams County progress without intelligent, educated people to guide it? I am sure that these actions were not brought about by selfishness or jealousy.

It's been 100 years since the Battle of Gettysburg. But the people of Adams County have failed to realize this. Change and improvement are inevitable. And it is time for the inevitable in Adams County.

Sincerely,
Willis Conover Jr.

GOP HOPES TO VOLD MAJORITY

HARRISBURG (AP) — The Republican vs. Democratic arguments over legislative reapportionment could be a very one-sided debate when the General Assembly reconvenes today in Harrisburg.

The key to the situation is whether the GOP can avoid any defections from their slim majority ranks.

They have one more vote than the constitutional majority of 26 in the Senate and three more than the necessary 106 in the House.

The Senate plans to work two days this week and then adjourn possibly until next week.

The House will meet today then adjourn immediately until after the six new House members are certified by the elections bureau on Nov. 22.

The Democrats realize they are outnumbered in the reapportionment debate. So they caution that anything but a "fair and equitable" realignment may wind up in court.

WHERE THE ACTION IS!

Some like V-6 savings! Some like V-8 action!

(Olds likes to please everybody!)

Gas-saving Econ-O-Way V-6! Oldsmobile's new 6-cylinder power plant is no conventional "in-line" engine. It's all "V"—all the way! Inherently lighter than traditional cast iron "straight" sixes—delivers zesty, 155-horsepower performance on regular gas. Take the wheel of an F-85 soon!

Action-packed Jetfire Rocket V-8! This 330-cubic-inch hustler is another Oldsmobile "first" . . . newest member of the Rocket family! New lightweight construction means split-second response from up to 290-h.p.—saves gas besides! Try an F-85. It's proof that Olds is where the action is!

EIGHT-NATION TEAM WOULD AVERT BREAK

UNITED NATIONS, N.Y. (AP)—A go-between mission of smaller nations sought today to avert a U.S.-Soviet break over a Russian proposal for changes in the disarmament resolution before the U.N. General Assembly.

The eight-nation team was scheduled to brief U.S. delegates today on the results of a 90-minute huddle Monday with Soviet Ambassador K. V. Notkov.

Nigerian Ambassador S. O. Adebayo, head of the group named by the 46 nations sponsoring the general disarmament resolution, said he hoped to find out whether there was any chance of the two big powers getting together.

OPPOSE RUSSIAN MOVE

The 46 sponsors had hoped for unanimous approval of their proposal calling on the Geneva Disarmament Committee to step up efforts toward agreement in limited areas as well as on complete and general disarmament.

The sponsors had expected to reach a vote last week after the United States and Britain signified approval. But the Russians circulated a working paper among delegations Friday suggesting (1) elimination of any call for specific measures such as guarding against surprise attack and (2) omission of a provision that the Geneva talks would be based on a set of principles: the United States and the Soviet Union agreed on two years ago.

The Russians also proposed that the mandate of the Geneva commission be broadened to permit discussion of international tensions, and opening the negotiations to political issues.

With the United States and Britain opposed to such changes, the assembly's main political committee suspended its debate on general disarmament to permit private negotiations and switched to consideration of a proposal for a nuclear-free zone in Latin America.

"MODEL OF NEW" MINIATURE HEARING AID GIVEN (not an actual hearing aid)

WASHINGTON, D. C. — A most unique free offer, of special interest to those who hear but do not understand words, has just been announced. A true-life, non-operating model, actual size replica of the smallest Motorola-Dahlberg Hearing Aid ever made, will be given away absolutely free to anyone answering this advertisement. Wear it in the privacy of your own home without cost or obligation of any kind. "IT'S YOURS FREE TO KEEP."

The size of this instrument is only one of its many features. It weighs less than a third of an ounce and it is all at "ear level," in one unit. No wires lead from the body to the head. Here is truly hope for the hard of hearing. These models are free. We suggest that you write for yours now.

General Hodge Dies At Age 70

WASHINGTON (AP) — Gen. John R. Hodge ret., a decorated hero of the Pacific fighting in World War II, died today in Walter Reed Army Hospital. He was 70.

He had been a patient at the hospital since Nov. 6.

Retired since 1953, he had made his home at Fayetteville, N.C.

Hodge was awarded the Air Medal after World War II for daring solo reconnaissance flights over enemy territory in the Philippine Islands at a time when he was a corps commander.

NIXON BLOCKS ALL PLANS FOR NOMINATION

By THE ASSOCIATED PRESS
NEW YORK (AP) — Richard M. Nixon said he can conceive of "no circumstances whatever" under which he would be a candidate for the Republican presidential nomination next year.

The former vice president says that if his name comes up as a possible candidate in the New Hampshire or Oregon primaries he will "do everything I can legally to get my name out."

Nixon told a news conference Monday night those primary races should be between New York Gov. Nelson A. Rockefeller, an announced candidate for the nomination, and Sen. Barry Goldwater of Arizona, who is expected to oppose Rockefeller.

IS APPRECIATIVE

Nixon said he appreciates the remarks made about him by former President Dwight D. Eisenhower on a television program Sunday, but he believes he can "best serve my party and my country as a constructive critic." He said he plans about one speech a month and will continue to write articles on current events but "there is no devious conspiratorial plan thereby to become a candidate."

Eisenhower said that if a deadlock developed at the Republican convention, Nixon would be "one of the likely persons" to be considered for the nomination "because he is... a very knowledgeable and a very courageous type of person."

"Deadlocks are a thing of the past," said Nixon, who lost the 1960 election to President Kennedy.

OPPOSES DRAFT

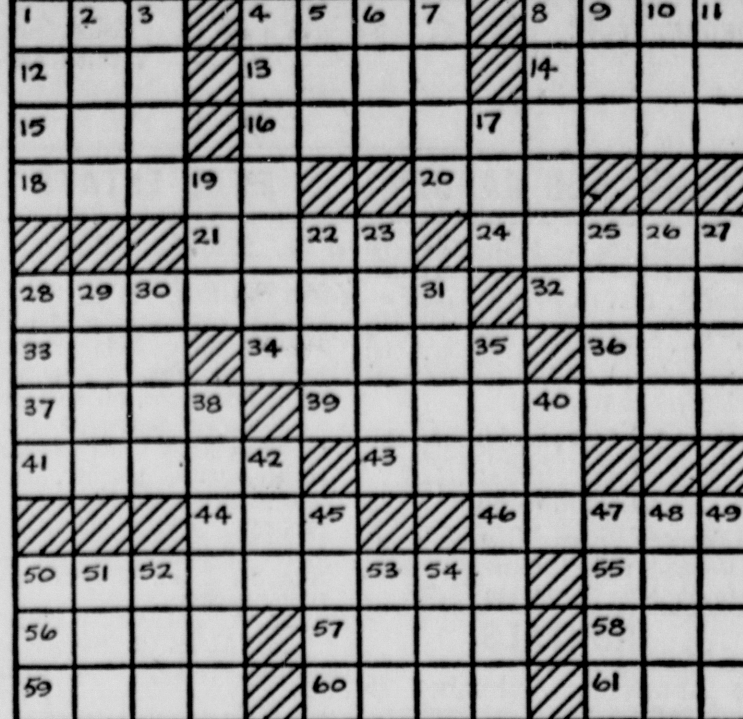

Asked about a "draft-Nixon" movement started in Los Angeles during the weekend, Nixon said Los Angeles is "likely to start almost any kind of movement." He said such a move had neither his knowledge nor approval.

Nixon said Goldwater is "obviously in the lead today" in New Hampshire, where Rockefeller has already started campaigning.

Nixon said he will not at this time commit himself to Goldwater or Rockefeller. He said his choice will be greatly influenced by his judgment on "which man can better lead the nation on foreign policy."
